North Carolina Certified Municipal Clerk Program

Overview

The North Carolina Certified Municipal Clerks program is a **voluntary** accreditation program for North Carolina municipal clerks. It was initiated under the sponsorship of the North Carolina Association of Municipal Clerks and in cooperation with the School of Government of The University of North Carolina at Chapel Hill. This program is designed as an alternative to the Certified Municipal Clerk and Master Municipal Clerk program sponsored by the International Institute of Municipal Clerks (IIMC); however, municipal clerks will still have the option of participating in the IIMC programs.

An effort to design such a program evolved from the realization that municipal clerks wanted educational and professional growth, but limited budgets and reduced staff placed a hardship on the municipalities.

Objectives

The primary objective of this program is to professionalize the office of the municipal clerk by:

- Establishing a minimum level of competence;
- Establishing a method of measuring the knowledge of North Carolina's municipal clerks regarding their duties, both statutory and general, along with their administrative and managerial competence;
- Recognizing professional achievement through the award of certificates of accreditation;
- Maintaining focus on training that is germane to North Carolina issues for the initial certification; and
- Broadening areas of focus to include more generalized professional and management training for advanced levels of certification.

The secondary objective is to enable North Carolina's municipal clerks to perform their duties more efficiently and effectively.

Criteria for Certification

To qualify as a North Carolina Certified Municipal Clerk through the North Carolina Association of Municipal Clerks, a candidate must be a member of the North Carolina Association of Municipal Clerks for two years. All candidates must meet one of the following criteria:
